

Academic and Non-Academic Complaint Resolution

Lancaster Bible College | Capital Seminary & Graduate School recognizes the importance of providing an opportunity for filing complaints or grievances against the college. We desire to resolve these complaints with internal processes, using policies and procedures as outlined in the college's catalogs and handbooks for each academic level. The institutional complaint process is the same for all students, regardless of physical location or mode of learning (e.g., online). Students will not be subject to any unfair action or treatment as a result of initiating a complaint or grievance.

For complaints/grievances, see the following:

Individuals have the right to go directly to one or more of the agencies listed below to initiate a non-grade complaint or grievance if the issue is unresolved through on-campus channels.

[Middle States Commission on Higher Education](#)

The Commission's complaint procedures are created to address non-compliance with the Commission's standards for accreditation, requirements of affiliation, policies or procedures, or the institution's own policies or procedures. Matters outside of the Commission's purview include disputes between individuals and affiliated institutions about admission, grades, granting or transferability of credits, application of academic policies, fees or other financial matters, disciplinary matters, contractual rights and obligations, personnel decisions, or similar matters.

The Commission expects individuals to attempt to resolve the issue through the institution's own published grievance procedures before submitting a complaint to the Commission. Therefore, the Commission's practice is not to consider a complaint that is currently in administrative proceedings, including institutional proceedings, or in litigation. However, if the Commission determines that the complainant raises issues which are so immediate that delay may put the institution's accreditation in jeopardy, or delay has the potential to cause harm to students or the campus community, the Commission may, at its discretion, choose to proceed with the review.

Where a complaint may be addressed through institutional grievance processes, ABHE requires evidence that all institutional grievance and appeal processes have been fulfilled and that noncompliance with ABHE standards, policies, or procedures continues after the grievance or appeal process has been completed. ABHE is not a regulatory agency, and its authority is limited to actions related to accreditation review and recognition, to which an institution submits voluntarily. ABHE will only consider complaints that evidence significant noncompliance with ABHE standards, policies, or procedures for ABHE applicant, candidate, or accredited institutions.

[Pennsylvania Department of Education](#)

Upon receiving a student complaint, PDE will determine if the matter falls within its jurisdiction. If preliminary findings indicate a violation by a higher education institution, PDE will attempt to resolve the complaint. All parties will be notified of the outcome of the investigation.

[Maryland Higher Education Commission](#) (DC site students)

A student must first exhaust the complaint/grievance procedures established by the institution. Should the opinion of the student be that the complaint has not been resolved appropriately by the institution, the student may submit the complaint to the Maryland Higher Education Commission (MHEC).
